This journal publishes papers orginating at or solicited by the Courant Institute of Mathematical Sciences of New York University. It is devoted mainly to contributions in the fields of applied mathematics and mathematical physics, and mathematical analysis.

Many of these papers are technical reports of the research performed under contract or grant from various research agencies of the United States Government.

Published in six issues by John Wiley & Sons, Inc., 605 Third Avenue, New York, New York 10016.

Such permission requests and other permission inquiries should be addressed to the publisher.

Subscription price (1979): $75.00 per volume. Postage and handling outside U.S.A.: $10.00. Subscription correspondence should be sent to Journals Department, John Wiley & Sons, 605 Third Avenue, New York, New York 10016. Please allow four weeks for change of address. Back volumes, microfilm, and microfiche are available for previous years. Request price list from publisher.

Claims for undelivered copies must be made no later than three months following month of publication. Missing copies will be supplied when losses have been sustained in transit and where reserve stock will permit.

Second-class postage at New York, New York, and at additional mailing offices.
